

SAVE EAST BOSTON

Please join your concerned neighbors for an **ORIENT HEIGHTS & HARBORVIEW** in-person meeting with the BPDA to discuss the zoning changes they're planning for **PLAN: East Boston**

DATE: TUESDAY, OCTOBER 3, 2023

TIME: 6:15 PM - 7:40 PM

LOCATION: MADONNA SHRINE (111 ORIENT AVE, EAST BOSTON)

- **Protect single and two family homes from demolition & being replaced by as many as 6 units + ADU**
- **Fight city's plan to eliminate parking requirements - cars aren't going anywhere!**
- **Protect against family displacement & lack of affordability**
- **Prevent downsizing Bennington, Meridian and Border Streets to make room for bikes**
- **We're already contributing our fair share of 11,000+ units (Suffolk Downs, Waterfront, Breman St Complex, Casket Factory, etc.)**
- **Density without a functional MBTA, grocery stores or police/medical services is not OK!**
- **Our community's basic needs must be incorporated into the plan!**
- **Solving the city's housing crisis is not East Boston's responsibility!**

Please tell your neighbors and family to join us. This is our last chance to protect the neighborhood we all grew up in and love.
